PROJECT NO. 2016-000744-(5)/ AVIATION CASE NO. RPPL2016002601; AIRPORT LAND USE COMMISSION REVIEW OF BOB HOPE AIRPORT REPLACEMENT TERMINAL PROJECT; JULY 13, 2016 - ITEM NO. 4

Since submitting the Staff Memo for the Airport Land Use Commission (ALUC) review of the proposed Airport Replacement Terminal project at Bob Hope Airport on June 30, 2016, staff received additional project materials from the City of Burbank and completed the staff report and draft findings.

Attached please find the documents that construe the ALUC hearing package. Due to the volume of materials, certain documents are available on the attached CD. At the time of this submittal, the City of Burbank Planning Board has not made a recommendation, but is considering action at its special hearing tonight at 6 PM. If the Planning Board recommends approval of the project tonight, it will be sent on to the Burbank City Council for its consideration and approval on July 25 (it should be noted that an error was made on the June 30 Staff Memo that the hearing was scheduled for July 21) to meet a deadline to call a city election on this project in accordance with its Measure B requirements. The project materials are also available online at the following website: <http://planning.lacounty.gov/case/view/2016-000744/>.

If you have any questions regarding this project, please do not hesitate to contact **Alyson Stewart** at astewart@planning.lacounty.gov or (213) 974-6432, Monday through Thursday from 7:30 a.m. to 5:30 p.m.
